

Fiscal Year 2010-2011 Proposed Budget

The story is the same throughout the country, the downturn in the economy has affected cities both small and large, and Wylie is no different. Flat sales tax, decreasing property values, and slow housing starts have negatively impacted revenues. But due to conservative budgeting, strong fund balances, long range planning and fiscal restraint over the last couple of years, the City of

Wylie still holds a relatively solid financial position.

The Proposed Fiscal Year 2010-2011 Budget maintains the current tax rate while enabling the City to financially support

increases in personnel and operating expenses associated with the New Recreation Center and Library scheduled to open late 2010/early 2011. High levels of service citizens have come to expect in public safety, infrastructure (streets, water and sewer) and parks and recreation will also be maintained. The budget does not include a salary increase for City employees.

The Fiscal Year 2010 - 2011 proposed budget can be viewed online at WylieTexas.gov; and print versions are available to be viewed at the Smith Public Library, 800 Thomas Street, and the City Secretary's Office located in City Hall.

2010 Budget Schedule:

August 5	Proposed Budget Filed with City Secretary
August 24	Public Hearing on FY 2010 - 2011 Budget
September 14	Adopt FY 2010 - 2011 Budget and Tax Rate

Water Restrictions and Guidelines

Summer heat is upon us resulting in a high demand for water. Wylie is required by the State of Texas to adopt and implement a water conservation plan, including guidelines and restrictions. Go to WylieTexas.gov > Departments > Public Works > Water for details.

National Preparedness Month

Wylie Fire-Rescue and FEMA encourage you to take steps this month to prepare your family, neighborhood and community for emergencies and disasters. Go to Ready.gov to find out how to put together an emergency supply kit, make a plan, help your neighbors and work as a team to keep everyone safe.

Road Construction Update

TxDOT work on the intersection of FM 544/FM 1378 is scheduled to begin this month and should last 3-5 months. Watch for major traffic delays and plan alternate routes. Traffic at times will be limited to one lane in each direction. For details on this and other road construction projects, select "Road Construction Update" under the Stay Informed box on the homepage of WylieTexas.gov

Brush and Bulk Pick-Up

Call CWD at 972-392-9300 by 5 pm Tuesday for same week pick-up on Thursday or Friday. CWD will collect a total of 24 cubic yards per year and up to 6 cubic yards per collection. Go to CWD.to for details on acceptable items.

Tripp Named Great First Responder

The City of Wylie is proud to announce that Wylie Firefighter/Paramedic Matt Tripp was recently named a *Great First Responder*. The award cosponsored by CareFlite and the Dallas-Fort Worth Hospital Council, honors those on the front line of emergency care who demonstrate extraordinary dedication

and provide excellent service going above and beyond the call of duty as a first responder.

Boy Scouts Assist Storm Water Department

On Saturday, August 7, members of Boy Scout Troop 442 installed 177 storm drain markers, far surpassing the Storm Water Department's goal of 50 markers. The markers labeled "This Drain for Rain - Don't Dump", remind residents that pollutants entering storm water drains end up in area ponds, lakes, streams and rivers.

School Zone Safety-Be Alert, Be Aware

Monday, August 23, marks the first day of classes for the 2010-2011 school year. Along with the excitement of the start of the school year comes an increased risk of traffic-related injuries.

To ensure the safety of our children in and around school zones, please remember that the use of hand held devices for calling or text messaging while driving in a school zone during established school zone hours is prohibited; and be sure to obey the posted speeds during school zone hours.

Fire-Rescue Personnel Support Hurricane Response

Three members of Wylie Fire-Rescue were recently deployed to McAllen, Texas, to support relief organizations in their preparation and potential response to hurricane Alex.

Working with Baptist Child and Family Services, Chief Corbin acted as Plans Chief for a command center in charge of 22 shelters with the capacity to serve more than 1800 people. Captain Parker filled the role of Shelter Manager supervising a crew of 45 responders ready to serve up to 200 patients.

Captain Ballard was called upon by the State Health Department as an EMS Branch Director overseeing 50 buses and 25 ambulances.
